

## 迷你型資訊轉換頭

[詳細產品規格請點擊www.100y.com.tw](http://www.100y.com.tw)

Part No.	Product No.	說明
11821	MGC-9F25F	迷你 9 母-25 母轉換頭

- A null modem cable allows two computers to communicate without a modem
- It allows you to connect one PC to another nearby PC or serial device using its modem protocol
- It is frequently used for setting up 'head-to-head' gaming between two players at different computers in the same room
- The transmit and receive signals are crossed
