

**TMF Series**

Chip Tantalum Capacitor With face down Terminals

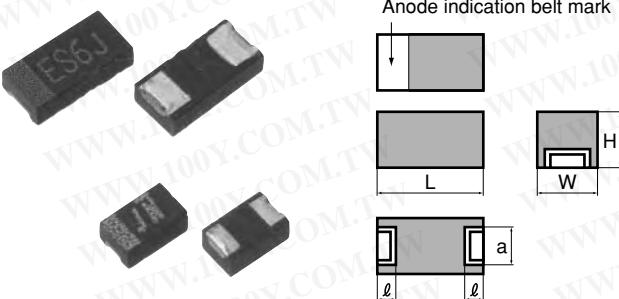

**Features**

- A new, originally designed structure with reduced space requirement, resulting in the small size and large capacitance of units.
- Best suited for multi-media applications, such as cell phones, digital video cameras, etc.
- Environmentally friendly terminal plating -- lead-free (100% Sn) solder plating.

Product code : (Example) TMF Series LM case 6.3V 22μF±20%
