

# A full range of quality mains rated inlets, outlets and connectors conforming to IEC and EN 60320 specifications carrying UL as well as cUL, VDE and other approvals.

With electrical ratings up to 20A, 250V (UL) these connector ranges offer solutions to most mains powered equipment and cable applications.

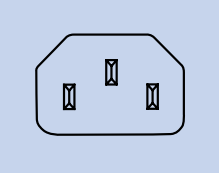

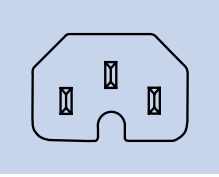

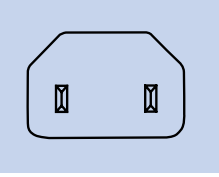

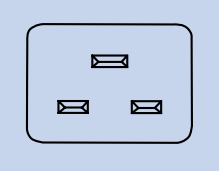

The combinations of mounting styles and terminations include: flange fixing, snap to panel and PCB mounting versions together with 2.8/ solder tabs, 4.8 and 6.3 fast on tabs, screw terminal and PC spill versions.

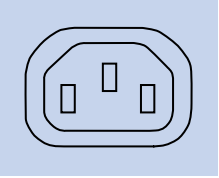

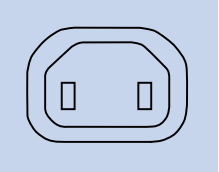

Completing the range are insulating boots, retaining and safety covers

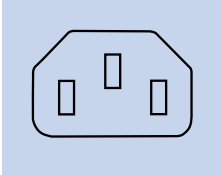

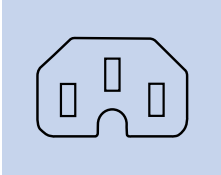

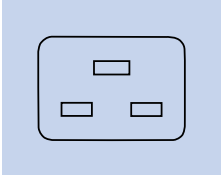

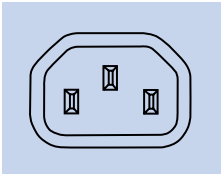

In addition to the standard black moulding, most styles are also available in either white or grey and special colours to match OEM equipment can also be supplied. (Subject to product approval requirements)
