

商品類別	網路類	商品名稱	patch panel Cat.5e 24Port
商品型號	KSJ-5KTH-24P	專屬料號	
商品概述	<ul style="list-style-type: none"> •Our Cat 5e unshielded patch panel are used for high speed LANs at transmission rates up to 155Mbps. •Transmission characteristics meet the requirements of TIA/EIA 568A Cat 5 specifications. •The panel utilizes a printed circuit board technology to balance signal transmission of insertion loss and crosstalk from 1 to 350Mhz, 		
商品特性	<p>適用對象：</p> <p>特性：</p> <ul style="list-style-type: none"> •New 110D terminal block design can be used for both "Krone & 110" impact tools, •and color coding according to TIA/EIA 568A is printed on the top for easy installation. •New 45 degree angle jack bracket design sets for plug inserted to save space. Snap them on to the front panel (no screws) for a good view, •thus providing required function on color coding indentification for LAN system. •Port: 12, 16, 24, 32, 48, 72, 96 ports and mini 12 port
