Power MOSFET

PRODUCT SUMMARY						
V _{DS} (V)	60					
R _{DS(on)} (Ω)	V _{GS} = 10 V	0.10				
Q _g (Max.) (nC)	25					
Q _{gs} (nC)	5.8					
Q _{gd} (nC)	11 CON-					
Configuration	Single					

FEATURES

- Dynamic dV/dt Rating
- 175 °C Operating Temperature

- Ease of Paralleling
- Simple Drive Requirements
- Compliant to RoHS Directive 2002/95/EC

DESCRIPTION

Third generation Power MOSFETs from Vishay provide the designer with the best combination of fast switching, ruggedized device design, low on-resistance and cost-effectiveness.

The TO-220AB package is universally preferred for all commercial-industrial applications at power dissipation levels to approximately 50 W. The low thermal resistance and low package cost of the TO-220AB contribute to its wide acceptance throughout the industry.

ORDERING INFORMATION	N.IO. COMITW WWW. LONY. COM
Package	TO-220AB
Lead (Pb)-free	IRFZ24PbF
	SiHFZ24-E3
SnPb	IRFZ24
	SiHFZ24

PARAMETER		, CO	SYMBOL	LIMIT	UNIT	
Drain-Source Voltage			V_{DS}	60	OM.	
Gate-Source Voltage			V_{GS}	± 20	CO_{Λ}_{Λ}	
Continuous Drain Current	V at 10 V	T _C = 25 °C	OM I _D	17	COM.	
	V _{GS} at 10 V	T _C = 100 °C		12	Α	
Pulsed Drain Current ^a	WWW WAY		I _{DM}	68		
Linear Derating Factor			COM	0.40	W/°C	
Single Pulse Avalanche Energy ^b			E _{AS}	100	mJ	
Maximum Power Dissipation	T _C = 25 °C		P_{D}	60	W	
Peak Diode Recovery dV/dtc	viode Recovery dV/dt ^c			4.5	V/ns	
Operating Junction and Storage Temperature Range			T _J , T _{stg}	- 55 to + 175	N 1007	
Soldering Recommendations (Peak Temperature)	for 10 s		100 Y.COX	300 ^d	°C	
- CO	6-32 or M3 screw		· CO	10	lbf ⋅ in	
Mounting Torque			N.100 - CO	1.1	N · m	

Notes

- a. Repetitive rating; pulse width limited by maximum junction temperature (see fig. 11).
- b. $V_{DD} = 25 \text{ V}$, starting $T_J = 25 \,^{\circ}\text{C}$, $L = 403 \,\mu\text{H}$, $R_q = 25 \,\Omega$, $I_{AS} = 17 \,\text{A}$ (see fig. 12).
- c. $I_{SD} \le 17$ A, $dI/dt \le 140$ A/ μ s, $V_{DD} \le V_{DS}$, $T_J \le 175$ °C.
- d. 1.6 mm from case.

^{*} Pb containing terminations are not RoHS compliant, exemptions may apply

Disclaimer

ALL PRODUCT, PRODUCT SPECIFICATIONS AND DATA ARE SUBJECT TO CHANGE WITHOUT NOTICE TO IMPROVE RELIABILITY, FUNCTION OR DESIGN OR OTHERWISE.

Vishay Intertechnology, Inc., its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Vishay"), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any datasheet or in any other disclosure relating to any product.

Vishay makes no warranty, representation or guarantee regarding the suitability of the products for any particular purpose or the continuing production of any product. To the maximum extent permitted by applicable law, Vishay disclaims (i) any and all liability arising out of the application or use of any product, (ii) any and all liability, including without limitation special, consequential or incidental damages, and (iii) any and all implied warranties, including warranties of fitness for particular purpose, non-infringement and merchantability.

Statements regarding the suitability of products for certain types of applications are based on Vishay's knowledge of typical requirements that are often placed on Vishay products in generic applications. Such statements are not binding statements about the suitability of products for a particular application. It is the customer's responsibility to validate that a particular product with the properties described in the product specification is suitable for use in a particular application. Parameters provided in datasheets and/or specifications may vary in different applications and performance may vary over time. All operating parameters, including typical parameters, must be validated for each customer application by the customer's technical experts. Product specifications do not expand or otherwise modify Vishay's terms and conditions of purchase, including but not limited to the warranty expressed therein.

Except as expressly indicated in writing, Vishay products are not designed for use in medical, life-saving, or life-sustaining applications or for any other application in which the failure of the Vishay product could result in personal injury or death. Customers using or selling Vishay products not expressly indicated for use in such applications do so at their own risk and agree to fully indemnify and hold Vishay and its distributors harmless from and against any and all claims, liabilities, expenses and damages arising or resulting in connection with such use or sale, including attorneys fees, even if such claim alleges that Vishav or its distributor was negligent regarding the design or manufacture of the part. Please contact authorized Vishay personnel to obtain written terms and conditions regarding products designed for such applications.
