The Art of Measurement

## **1000 A ACA/DCA CLAMP METER** Model : DM-6056

## 1. FEATURES

| 1. FEATURES   | - COMP. COMP.  |   |              | Jun and   | <u>.</u>             |              |  |
|---|--|---|--------------|---|----------------------|--------------|--|
| * Design meet IE  | EC 1010 safety requirement.                                      | Optional Temperature Adapter, Light Adapter,        |              |   |                      |              |  |
| * Compact & heavy duty ABS housing plastic case.        |  | Adapters  | Ane          | Anemometer Adapter, EMF Adapter,                  |                      |              |  |
| * Measure DCA 8   | & ACA on the inductive conductor.                                |   | Tac          | Tachometer Adapter, RH Adapter,                   |                      |              |  |
| * Wide ranges (   | 1000 A, 200 A ) for ACA/DCA measurement.                         |   | 50 /         | Amp Shur  | nt, High Voltage Pro | obe          |  |
| * LSI circuit prov                                      | vides high reliability and durability.                           |   |              |   |                      |              |  |
| * Multi-functions                                       | for ACA, ACV, DCV, OHMS, Diode,                                  | 3. ELECTRICAL SPECIFICATIONS ( $23 \pm 5 \degree$ ) |              |   |                      |              |  |
| Continuity beeper measurement.                          |  | Function  | Range        | Reso-   | Accuracy             | Overload     |  |
| * LCD display allows clear readout even at high ambient |  |   |              | lution  |                      | Protection   |  |
| light level.  |  | DC voltage  | 200 mV       | 0.1 mV  | ± (0.8 % + 1d)       | AC/DC 400 V. |  |
| * Overload prote  | ection circuit is provided for all range.                        | WIN   | MM.          | W.100Y  | NT.WO                |              |  |
|   |  | WIIM  | WW           | 100   | N.CO.M.TW            |              |  |
| 2 GENERAL SPECIFICATIONS                                |  | WIN   | 200 V        | 0.1 V   | ± (0.8 % + 1d)       | AC/DC 600 V. |  |
| Display   | 13 mm (0.5") LCD, 3 1/2 digits.                                  | WIM   | 600 V 📢      | 1 V   | OOY.COM.TW           | I            |  |
