The advertisement features a large, detailed image of a Pro'sKit VDE high-voltage insulated screwdriver. The handle is red and yellow, with a yellow grip section. The shaft is red. The background is a dark, textured surface with a bright yellow lightning bolt striking down. Below the main screwdriver, a row of seven smaller screwdrivers is shown, each with a different colored handle (red, yellow, green, blue, orange, purple, and black). The Pro'sKit logo is in the top left corner, and the VDE logo is in the top right corner. The text 'VDE 高壓絕緣螺絲刀' is prominently displayed in the center. At the bottom, there are five icons representing the product's features: a lightning bolt for high voltage, the VDE logo for German certification, a hammer for S2 alloy steel, the RoHS logo for RoHS certification, and a thumbs up for the ergonomic handle.
