

Caliper sold separately.

## GROOVEMASTER

- Highly effective Caliper Attachment for quick and accurate measurements of internal and external diameters of retaining ring grooves, o-ring grooves and undercuts.
- Available individually and in convenient sets.
- Precision machined from steel, hard chrome plated for extra wear resistance.
- Fits all 6" vernier, dial and digital calipers with a maximum jaw-thickness of 0.140".
- Measures internal grooves from 0.200" up to the capacity of the caliper.
