

Cuts materials up to 4mm thickness effortlessly and cleanly with a cutting width of only 0.5mm.

MICRO cutter MIC

For cutting wood, plastics, glass fibre reinforced plastic, paper, cardboard, foils and similar materials.

Slim and light: A diameter of just 36mm makes the ergonomically shaped casing easy to handle. For fatigue-proof work and accurate guiding. A powerful DC special motor in this compact device ensures an astonishingly high cutting performance.

Important:

The MIC makes it possible to "immerse" in the work piece surface (e.g. for cut-outs). The cutting disc guard moves up automatically during cutting.

Technical data:

220 - 240V. 30W. 15,000rpm.
Maximum cutting depth 4mm. Cutting width 0.5mm. Weight approx. 300g.
Class 2 insulation.

NO 28 650

With screwdriver for saw blade replacement.

Replacement cutting disc for MICRO cutter MIC

Made of spring steel (hardness 55 HRC). With cleanly ground crossed teeth.
23 x 0.3mm with 2.6mm bore.

NO 28 652
