REPLACEMENT TIPS

Nichrome heater type  
**KYP Series**

Compact & light weight conventional type.  
 Long life iron plated tip resists corrosion.

KYP series

Nichrome heater type

- Designed to be easy to operate with its pistol grip, it is also compact and light weight.
- Comes with Long life tip.
- While pulling the trigger, High power (60W) makes soldering of connectors and terminals easy.
- When releasing the trigger, Low power (normal position) 30W allows soldering of electronic components without damage.
- The heat insulation cap allows for quick storing after completing the operation. (KYP-70 only)
