Product Specifications

No water is required to use the tip cleaner, although it cleans the tip better than conventional sponges and reduces the temperature-loss that occurs when using a wetted sponge.

The cleaner itself is made from low-abrasive brass shavings. No water is required to use the tip cleaner, although it cleans the tip better than conventional sponges and reduces the temperature-loss that occurs when using a wetted sponge. The container is made of heat-resistant and slip-proof silicon rubber that is safe for both the soldering iron and the user.
